

# Carriage Cover Instructions

Your Evolution4 fabric cover may be washed using the LARGE automatic washers WITHOUT an AGITATOR that are found in most commercial laundromats. Do not use machines with agitators - this can damage the cover and actually cause rips or tears. A home type washer is not large enough to use.

Use 2 cups of Fantastic cleaner ONLY (not soap or detergent). Wash using "Normal" or "Permanent Press" cycles in cold or warm water.

**DO NOT USE HOT WATER**

Run cover through 2 rinse cycles - make sure all cleaner is removed in order to preserve the cover's water resistance. Air dry the cover. DO NOT use an automatic dryer. The fabric will melt!

**OR you can always send the cover back to me for laundering!**
